Task 2

Creating Prototypes -

Designing the Perfect Website layout:
https://www.creativebloq.com/web-design/steps-perfect-website-layout-812625

Tools -

Adobe XD:
https://www.adobe.com/creativecloud/business/enterprise/xd-prototypes.html

InVision:
https://www.invisionapp.com/cloud/prototype
[signup using the WGU educational license -
http://www.invisionapp.com/education-signup
The license code is: 56-73-13-19]

Sketch:
https://www.sketch.com/docs/prototyping/

Keynote (Mac users):
https://keynotopia.com/guides/

MobiRise (download):
https://mobirise.com/

And if you're just not comfortable working with any of these, look at these prototyping options:
https://www.creativebloq.com/web-design/top-10-prototyping-tools-2016-21619216
